

Joseph's Coat

Classes 3, 4 and 5 enjoyed putting on a performance to show parents what they had been learning throughout the first half term. The children enjoyed learning the story of Joseph and his magnificent coat and confidently retold the story. They had enjoyed learning a couple of the songs from the musical which they sang confidently. The show finished with a fashion show of all the coats the children had enjoyed making. To begin the process the children spent time learning different joining techniques. They then developed different patterns before designing how they wanted the coat to look. The children worked with great care to cut out the two sides of the coat, sew them together and decorate it with their pattern.

It was great to see so many adults come into school to see what we have been learning.

"Well done children I enjoyed it more than Lloyd Webber's version."

"Great show. Glad we were able to come and watch what the children have been doing."

"The children were great. Can tell they really enjoyed performing."
