

Nursery visit to Ferry Farm ~ 7<sup>th</sup> July 2011

We took the nursery children to Ferry Farm in Hoveringham for our visit this year. It was a very busy day but everyone really enjoyed it and lots of children said they'd like to go again!

Feeding the sheep

The Harris Hawk that Mrs Dickinson flew.

We fed goats and chickens in the farmyard.

We could pet the small animals in the barn.

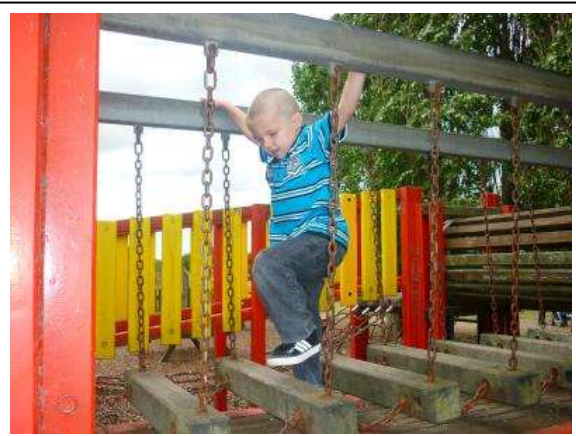

We could get close to the pigs - but only if we were quiet.

We didn't get too close to the cattle! Look at those horns!

It was very exciting to bottle feed the baby goats - and we all had a go!

There were exciting play areas inside and outside.
